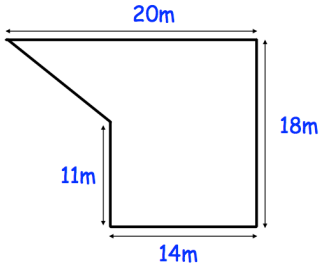
Find the highest common factor of 30 and 18

Shown is the plan of a small field.



Thomas is going to keep some chickens in the field. Each chicken needs 5m².
Work out the greatest number of chickens Thomas can keep in the field.

Make *t* the subject of the formula

$$v = u + 10t$$

Age	Frequency
7	3
8	5
9	2

Work out the mean

Write 650000 in standard form

Write 0.021 in standard form
